Highway and Traffic Engineering: Curricular Reform for Mediterranean Area

544460-TEMPUS-1-2013-1-IT-TEMPUS-JPCR

Information day on the Master programme "Highway and Traffic Engineering"

January, 29<sup>th</sup> 2015 – Sousse, Tunisia (morning at ISTLS)

### Objectives

The info day event has the aim of presenting the Master to students and students' associations at the premises of each Mediterranean university.

The info day event has to be organised prior the start of the Master, in order to have the involvement of students and students' associations from the very beginning of the project and to have their acceptance, but also to collect pre-registrations to Master courses.

The objectives of the info day meeting are:

- Inform students and students' associations on the launch of the Master program on Highway and Traffic Engineering;
- Collect interest and pre-registrations to Master courses;
- Present the opportunity of a short term internship in European universities on Highway and Traffic Engineering's topics;
- Disseminate as wide as possible the HiT4Med project.
